Kinsell Black Angus Named Fair's Grand Champion Steer

KING DOES THE HONORS — Trophy for the Grand Champion Steer was presented yesterday by Fair King Gene Long. Julie Kinsell, sister of the steer's owner, Becky Kinsell, is pictured here with the prize-winning Angus. (Staff Photo)

A stately black Angus steer, owned by Becky Kinsell, was tagged the Grand Champion Steer of the Pickaway County Junior Fair as a result of yesterday's judging.

Fair King Gene Long presented the trophy to Miss Kinsell, daughter of Mr. and Mrs. Warren Kinsell, Ashville, on behalf of The Herald, donor of the trophy. The proud winner is a member of the Madison Livewires 4-H Club.

Judging the event was Randall Reed, Junior superintendent of the Gene Long and Andrew Duvall.

Robert Bower's entry, a Hereford, topped the Reserve Grand Champion award. Other winners, by breed, are:

Ag Director Opposes Ohio Attorney View

COLUMBUS, Ohio (AP)—Ohio Agriculture Director Robert Terhune took issue today with a news release from Atty. Gen. Mark McElroy which said all county and state fairs are under the jurisdiction of the Ohio Expositions Commission.

Terhune, in a letter to McElroy, pointed out that the 15-man commission has no jurisdiction over county and independent fairs. Laws and regulations pertaining to these fairs are enforced by the director of agriculture.

Terhune also took direct issue with a part of the release which warned Ohioans against participation in "phony or fraudulent" games of chance at fairs.

The director said rigged wheels, loaded dice and dishonest devices as mentioned in the release "have not been permitted to operate at our county and independent fairs for many years."

NEW BERLIN CRISIS LOOMS

Pipefitter Subdued after Forcing State Disability Hearing at Gunpoint

PHOENIX, Ariz. (AP)—An embittered pipefitter, incensed by discontinuance of his disability checks, held eight men at gunpoint for 12½ hours in a state office before detectives disarmed him Thursday night.

Charles Elmer Milligan, 52, of Tempe, was subdued by Sgt. Earl Moore and detective Don Rodriguez, who gained entry to the barricaded office by posing as newsmen.

Moments earlier, Milligan had voluntarily released five of his prisoners.

The drama began about 8 a. m. in a four-story state capitol annex housing offices of the Arizona Industrial Commission.

There for a hearing on his disability claim, Milligan whipped out a .22 caliber pistol and wounded his own attorney in a scuffle before taking command of the room.

He released his lawyer, Stephen S. Gorey, 46, who scooted out of the room on the seat of his pants

and was hospitalized with a flesh wound in his left leg. Later Gorey, from a hospital bed, conferred with Milligan by telephone and tried to talk him out of his gun-waving lecture to commission officials.

The gunpoint hearing was interrupted in its early stages by Milligan's son, Charles, 28, who was promptly thrown out by his angered father.

By telephone, Milligan told Det. Sgt. Seymour Nealist: "I damn near killed them all. He had to get past you to get in. You get him the hell out of this building."

Milligan suffered a back injury 18 months ago while working on the Glen Canyon Dam project on the Colorado River in northern Arizona. He drew disability compensation for a while, Gorey said, but the checks stopped in mid-March.

John B. Ryan, 63, a court reporter employed for the hearing and one of the hostages, said: "He just wanted to tell his story, and he did it, even though he

repeated himself several times. When he finished, he finished and that was it."

At that point, Milligan released all hostages except Donald J. Morgan, 47, the commission's chief attorney, and the two pseudo-newsmen.

Sgt. Moore got four glasses of water and the men began to talk.

As Milligan turned his head to pick up a glass of water, Rodriguez leaped at him and grabbed the pistol. Moore joined his fellow officer to overpower the husky pipefitter.

There was one wild shot from Milligan's gun, but Moore said, "I don't think he felt like killing anybody."

Reactions of the prisoners varied.

C. Blaine Dunford, 59, employed in the commission's records department, emerged first. He was crying.

"I'm sorry," he said, "but I just can't help it."

He described his fear as greater than what he experienced when

he was employed in Honolulu the day the Japanese attacked Pearl Harbor.

Next was Dr. Leo L. Tuveson, 51, attending the hearing to testify against Milligan's disability claim. "All in a day's work," said the physician.

Also held was Loren G. Shelley, 33, a commission attorney.

Said Shelley when he telephoned his wife: "I'll be heading home shortly."

Milligan said nothing as he was led away. He was booked on charges of assault with a deadly weapon and investigation of sanity.

During the morning hours, Milligan talked frequently by telephone with police in adjacent offices.

Later the pipefitter requested that newsmen be sent in. Moore and Rodriguez removed their guns and posed as reporters. They entered the hearing room at 12:30 p. m. to begin an eight hour wait that ended when Milligan was subdued.

Khrush Seen Signing East German Pact

U.S. Officials Study Steady Flow of Red Rumors in Europe

WASHINGTON (AP) — Soviet Premier Khrushchev probably will sign a separate peace treaty with Communist East Germany later this year. But it is highly unlikely he will give the German Reds the power to plunge the world into war over Berlin.

American leaders are now generally agreed that a new Berlin crisis is in the making.

They are receiving a steady flow of Soviet-inspired rumors of trouble in European capitals. They get forewarnings, too, through such acts as increased Soviet aircraft operations in the Berlin air corridors and the Red threat to shoot down an American helicopter at Berlin earlier this week.

The signs of a new flareup or crisis are growing almost every day. Yet there is also evidence that Khrushchev has not made all of his final decisions as he continues his pressures to get the United States, Britain and France to abandon West Berlin.

Problems of Berlin strategy and diplomatic and legal issues related to the peace treaty itself are assumed here to be under discussion or planned for discussion between Khrushchev and East German Communist leader Walter Ulbricht somewhere on the Black Sea. Ulbricht flew from Berlin to the Soviet Union Wednesday.

The latest direct account of Khrushchev's views was reported to Washington by retiring U.S. Ambassador Llewellyn Thompson just before he left Moscow last week. He spent considerable time with the Soviet leader a week ago Wednesday.

Khrushchev is understood to have told Thompson that he would have to make up his mind about the long-threatened peace treaty without too much further delay. He also gave Thompson to understand that he wants to develop further his case for a change in the status of West Berlin. This could mean that he intends to open up the whole issue in the United Nations General Assembly in the fall, again claiming that the continued Western occupation of the city creates a threat of war which could be eliminated if the West would bow to his demands.

Several weeks ago Kennedy called in Soviet Ambassador Anatoly Dobrynin to try to get across to Khrushchev through the envoy that the United States will not withdraw from West Berlin and will if necessary use force to defend the Communist-encircled city. No one here is really sure yet that Khrushchev believes this message.

Kennedy and Secretary of State Dean Rusk are known to believe, however, that if any doubt remains in Khrushchev's mind about Western intentions, it is a fairly small one.

The best informed officials here believe that in the end Khrushchev will choose to avoid war but that he will go through with the peace treaty threat.

Saskatchewan Solons Ask New Medical Bill

REGINA, Sask. (AP)—A special session of the Saskatchewan Legislature enacted Thursday night amendments to the controversial medical care insurance law agreed upon last week by the province's Socialist government and the medical profession.

The amendments permit doctors to practice privately, allow voluntary nonprofit health insurance plans to operate alongside the government plan and strip the government's medical insurance commission of many regulatory powers.

Once Around Roundtown

MOTORISTS today were reminded that Franklin St. east of Mingo St. has been closed to allow for resurfacing work. Drivers other than those living in the immediate area are requested not to use the street.

Barricades have been erected. Safety Director - Engineer Ronald Sharrett cautioned that removal of the blocks at any time is illegal.

The barricades will be removed and the street reopened as soon as the paving job is done, Sharrett said.

Sherri Finkbine In Seclusion

Mother's Abortion Plan Not Revealed

PHOENIX, Ariz. (AP)—Sherri Finkbine slipped into temporary seclusion today amid hints that she was headed for Sweden and her planned abortion.

In Los Angeles, Scandinavian Airlines reported that the Phoenix television personality and her school teacher-husband, Robert, had reservations for a flight to Stockholm with a stop at Copenhagen, Denmark.

The Finkbines could not be found for comment but their lawyer confirmed they had decided on the where and when to abort her pregnancy of nearly three months.

The Finkbines say Sherri could give birth to a malformed child, the result of a drug she says she took to placate nausea during the early stages of her pregnancy. The drug, thalidomide, since has been blamed for deformities in thousands of babies born in Europe, Australia and Canada.

The only indication of their plan was the reservation out of Los Angeles today. There had been another reservation — also for Stockholm with departure from New York — but that was canceled.

Mrs. Finkbine, 30, star of "Romper Room," a children's television program and mother of four healthy youngsters, originally had sought to have the abortion here.

Arizona law permits abortion only when the expectant mother's life is in peril. A Superior Court judge refused to give her any guarantee against prosecution.

A Swedish official has indicated that government permission for an abortion for women who have taken thalidomide would be easily obtained.

County Fair Rolls Into Fifth Day of Successful Events

Another busy round of events was on schedule as the Pickaway County Fair moved into its fifth day of operation today.

Large crowds added interest early yesterday and last night. If the weather holds out today and tomorrow, fair officials are of the opinion that this year's exposition will be one of the most successful on record.

The conspicuous absence of rain has already helped swell spectator gathering to near record proportions. Prospects of good weather for the two final days would certainly give the show a rousing conclusion, Fair officials indicated today.

Today's forecast calls for fair and warm in the afternoon, but possible showers tonight. Cloudy with a chance of showers is the prediction for Saturday.

JUNIOR Fair Dairy judging was in full swing today following an early 9 a. m. start. This popular event will continue until finished.

A highlight for tonight will be the Junior Fair Livestock Sale in the Show Arena. The Fair's prize

animals will go before area and outside buyers. Some interesting bidding is anticipated.

Another specialty will be the Cherokee Ranch Rodeo event, scheduled to start at 8 p. m. in front of the Grandstand.

Saturday will feature a 4-H tractor operators' contest starting at 9 a. m. The Horseshoe pitching championship will be at stake starting at 5 p. m.

The finale will be the Stoney Roberts Thrill show, set to start at 8 p. m. in front of the Grandstand.

Yesterday's eventful activities included judging of many exhibits and events, the 4H Grand Revue and the All-Girl Variety Thrill show. Also drawing attention was the Old-Fashioned Style show, presented by the Pickaway County Historical Society.

EAST LIVERPOOL, Ohio (AP)—A highly toxic sewer gas in a cess pool killed a teenage boy and three men who made heroic rescue attempts.

Killed in the tragedy here Thursday were Burton Richards, 44, operator of a company that cleans cess pools; his assistant, Richard Miller, 18; James Sherwood, 45, and a fireman, Richard Plumley, 28.

Authorities said Miller collapsed in the 14-foot-deep tank and Richards went to his aid. However the ladder Richards was using broke, and he couldn't get out.

Mrs. Robert Burbick, who lives at the home where the cess pool was being cleaned out, called firemen.

Plumley went into the tank. He did not use a gas mask, according to fireman Dolph Knott, because the only mask that would have been effective would have required an oxygen tent. Knott said it would not have been possible to enter the narrow opening at the top of the bank wearing such a tank strapped on his back.

It was not known immediately whether Sherwood, a neighbor, went in before or after Plumley.

Firemen got Plumley out after he collapsed, but he died later at East Liverpool Hospital. The other bodies were recovered with grappling hooks.

Dr. Roy Costello, deputy Columbiana County coroner, identified the gas in the tank as hydrogen sulfide.

Tennesseeans Give Clement Third Term

NASHVILLE, Tenn. (AP)—Tennessee Democrats endorsed ex-Gov. Frank Clement for a third term as governor Thursday and apparently unseated two veteran congressmen who opposed much of President Kennedy's program.

Clement scored an impressive victory over Chattanooga Mayor P. R. Olgiati and Memphis City Commissioner William W. Farris.

Rep. James B. Frazier, bidding for an eighth term, and Rep. J. Carlton Loser, trying for a fourth term, appeared to have been beaten on in races so close the winners probably won't be known for certain until the official count. Their opponents endorsed Kennedy's New Frontier legislation and had heavy support of organized labor.

With returns from 2,488 of the state's 2,688 precincts, the vote today was Clement 278,734, Olgiati 180,269 and Farris 194,190.

In the Third District of southeast Tennessee, Frazier was edged out by Wilkes T. Thrasher Jr., 41. The unofficial vote from the 11-county district that includes Chattanooga was Thrasher 35,267, Frazier 35,177, Raymond Prater 2,685 votes.

Loser staged a nip-and-tuck battle in the Fifth (Nashville) District with former State Sen. Richard Fulton, making his third try for the congressional seat.

Final unofficial returns gave Fulton 30,870 votes, Loser 30,767 and Gordon Turner 6,739.

Scouts Join Dayton Search

DAYTON, Ohio (AP) — More than 150 Boy Scouts have been asked by police to join in the search for clues in the disappearance of the city's 26-year-old commissioner, David Pottinger.

The Scouts are to again search the area where Pottinger's station wagon was found. Some 40 Dayton police officers searched the area Thursday.

Jack Peake of the Dayton police, overall supervisor of the search for Pottinger, said more than 200 calls have been received from citizens as the result of appeals from Dayton news media to help the police in their investigation.

The Republican official failed to return home Wednesday night after attending a commission meeting. His red station wagon was found on an East Side street. Type O blood stains were found on the vehicle's gearshift and control panel. Although Pottinger was said to have the same type blood, further tests were to be conducted to determine whether the blood factor was positive or negative.

Pottinger, vice president and director of the Pottinger insurance sales, was believed to have carried about \$2,100 in cash at the time of his disappearance, leading to a possible robbery motive. Later the city police chief and prosecutor thought the disappearance might have had some connection with information on vice activities in the city on which Pottinger was working.

More State College Funds Said Needed

ST. MARYS, Ohio (AP)—Gov. Michael V. DiSalle took up the case for higher education in Ohio Thursday in a campaign speech at a Chamber of Commerce outing at nearby Villa Nova.

The governor warned that fewer Ohio high school graduates will be able to attend college until the funds appropriated for universities are increased. He also warned that the increasing cost of private education will increase the need for public education.

DiSalle said that although Ohio is listed as a high wage state, its average weekly salary is \$100. "How many parents can afford to send two or three of their children to college on this high average earning?" he asked.

GRANDSTAND crowds last night were startled when a moving, flashing light appeared in the sky east of the fairgrounds. As it came into focus, it seemed to be flashing a message... A few minutes later, it was learned that the strange lights were merely an aircraft commercial.

HATS OFF to Miss Weda Mae Leist and Mrs. Bill (Pauline) Cook for a fine job at their respective offices. Miss Leist, working from the extension office booth, and Mrs. Cook, in the secretary's office, are two of the busiest persons on the fairgrounds. Both deserve a lot of credit for making the Fair a success.

SHINY TROPHIES presented to Fair King Gene Long and Queen Linda Trimmer were donated by the Circleville Junior Chamber of Commerce. Presenting the sovereign youngsters the awards was Jaycee member Nelson Stevens, local Central Ohio Breeding Assn. representative.

ANOTHER reminder of Pickaway County Fairs of days gone by cropped up this week when Mrs. Clara DeLong, of DeLong's Tailoring & Cleaning Shop on W. Main St., presented a fair ribbon dated 1853. The ribbon, well preserved considering its 109 years, denotes the second annual Pickaway County Fair, sponsored by the Pickaway County Agricultural Society.

According to historians, the first Pickaway County Fair was an event of 1834. The second apparently did not come until 1853— as Mrs. DeLong's ribbon indicates.

Mrs. DeLong said the elderly fair ribbon was found about 12 years ago by her husband while he was cleaning out a basement.

FLOWER Show exhibitors are as intent on comments the judges make as men are at a poker game. Twice now the Fair clown has attempted to inject a little levity into this tense atmosphere. And if ever a clown got the cold shoulder and icy stares it was this one.

BEFORE too long he caught the message—namely that flower exhibitors are not in any mood for funny business. Finally he made a couple of dignified bows and said "Squeeze me Ladies, squeeze me please." And he departed the frosty climate as fast as he could.

BOYD Kuhlwein's leathergoods booth is very close to the flower show. Boyd watched the ladies with interest. Then along came William Rhinesmith of William Rhinesmith who was a schoolmate. Rhinesmith had entered the large

THURSDAY she was able to show Hot Shot, but not ride him. She led him with the bridle over her arm and answered questions the judge asked. Incidentally, Hot Shot belongs to the John Griffiths.

PAM HAD planned to ride "Sugar", a horse belonging to Mayor Rickelman on Thursday. The broken arm was of no consequence because Sugar is very easy to ride, according to Pam. But the plans did not work out because Mayor Rickelman's own daughter rode Sugar.

Gas Line Expansion Is Slated in Ohio

DETROIT (APA)—The Panhandle Eastern Pipe Line Co. has started construction on a \$68.9 million expansion of pipeline facilities that will bring an average 25 per cent increase in natural gas supplies to five Ohio utility companies.

Announcing this today, James R. Sykes of New York, Panhandle general sales manager, said the increased supply would reach the utilities in time for marketing this winter.

Sykes said Panhandle would increase its deliveries to the East Ohio Gas Co., Cleveland, by 20 per cent annually and to the Ohio Fuel Gas Co., Columbus, by 42 per cent.

Other supply increases are scheduled for Central States Natural Gas Co., Paulding, by 7 per cent annually; Ohio Gas Co., Bryan, by 13 per cent, and Toledo Edison Co., serving Defiance, by 9 per cent.

County Fair Rolls Into Fifth Day of Successful Events

Another busy round of events was on schedule as the Pickaway County Fair moved into its fifth day of operation today.

Large crowds added interest early yesterday and last night. If the weather holds out today and tomorrow, Fair officials are of the opinion that this year's exposition will be one of the most successful on record.

The conspicuous absence of rain has already helped swell spectator gathering to near record proportions. Prospects of good weather for the two final days would certainly give the show a rousing conclusion, Fair officials indicated today.

Today's forecast calls for fair and warm in the afternoon, but possible showers tonight. Cloudy with a chance of showers is the prediction for Saturday.

JUNIOR Fair Dairy judging was in full swing today following an early 9 a. m. start. This popular event will continue until finished.

A highlight for tonight will be the Junior Fair Livestock Sale in the Show Arena. The Fair's prize

animals will go before area and outside buyers. Some interesting bidding is anticipated.

Another specialty will be the Cherokee Ranch Rodeo event, scheduled to start at 8 p. m. in front of the Grandstand.

Saturday will feature a 4-H tractor operators' contest starting at 9 a. m. The Horseshoe pitching championship will be at stake starting at 5 p. m.

The finale will be the Stoney Roberts Thrill show, set to start at 8 p. m. in front of the Grandstand.

Yesterday's eventful activities included judging of many exhibits and events, the 4H Grand Revue and the All-Girl Variety Thrill show. Also drawing attention was the Old-Fashioned Style show, presented by the Pickaway County Historical Society.

Cess Pool Gas Kills 4 in East Liverpool

EAST LIVERPOOL, Ohio (AP)—A highly toxic sewer gas in a cess pool killed a teen-age boy and three men who made heroic rescue attempts.

Killed in the tragedy here Thursday were Burton Richards, 44, operator of a company that cleans cess pools; his assistant, Richard Miller, 18; James Sherwood, 45, and a fireman, Richard Plumley, 28.

Authorities said Miller collapsed in the 14-foot-deep tank and Richards went to his aid. However the ladder Richards was using broke, and he couldn't get out. Mrs. Robert Burdick, who lives at the home where the cess pool was being cleaned out, called firemen.

Plumley went into the tank. He did not use a gas mask, according to fireman Dolph Knott, because the only mask that would have been effective would have required an oxygen tent. Knott said it would not have been possible to enter the narrow opening at the top of the tank wearing such a tank strapped on his back.

It was not known immediately whether Sherwood, a neighbor, went in before or after Plumley. Firemen got Plumley out after he collapsed, but he died later at East Liverpool Hospital. The other bodies were recovered with grappling hooks.

Dr. Roy Costello, deputy Columbiana County coroner, identified the gas in the tank as hydrogen sulfide.

School Enrollment Told

WASHINGTON (AP)—The Census Bureau says 13.6 per cent of the nation's school children attend church schools or other private schools. It said 35.3 million, or 86.4 per cent, were attending public schools.

Scouts Join Dayton Search

DAYTON, Ohio (AP) — More than 150 Boy Scouts have been asked by police to join in the search for clues in the disappearance of the city's 26-year-old commissioner, David Pottinger.

The Scouts are to again search the area where Pottinger's station wagon was found. Some 40 Dayton police officers searched the area Thursday.

Jack Peake of the Dayton police, overall supervisor of the search for Pottinger, said more than 200 calls have been received from citizens as the result of appeals from Dayton news media to report anything they believe would help the police in their investigation.

The Republican official failed to return home Wednesday night after attending a commission meeting. His red station wagon was found on an East Side street. Type O blood stains were found on the vehicle's gearshift and control panel. Although Pottinger was said to have the same type blood, further tests were to be conducted to determine whether the blood factor was positive or negative.

Pottinger, vice president and director of the Pottinger insurance sales, was believed to have carried about \$2,100 in cash at the time of his disappearance, leading to a possible robbery motive. Later the city police chief and prosecutor thought the disappearance might have had some connection with information on vice activities in the city on which Pottinger was working.

More State College Funds Said Needed

ST. MARYS, Ohio (AP)—Gov. Michael V. DiSalle took up the case for higher education in Ohio Thursday in a campaign speech at a Chamber of Commerce outing at nearby Villa Nova.

The governor warned that fewer Ohio high school graduates will be able to attend college until the funds appropriated for universities are increased. He also warned that the increasing cost of private education will increase the need for public education.

DiSalle said that although Ohio is listed as a high wage state, its average weekly salary is \$100. "How many parents can afford to send two or three of their children to college on this high average earning?" he asked.

Mrs. Watt Wins Highest Honors in Second Exhibit

Winning Arrangements

Mrs. Donald Watt won Best-of Show in Thursday's flower exhibit at the Pickaway County Fair. The same award went to Mrs. Watt in Tuesday's show.

She was also sweepstakes winner in the arrangement division.

In the specimen division, Mrs. W. K. Bower and Ronald Hawks tied for sweepstakes. These awards go to exhibitors with the highest number of points in the combined shows, both Tuesday and Thursday.

Thursday's show had 64 specimen entries and 38 arrangement entries.

MRS. RALPH Worthington, Grove City, was tre judge. Her comment to the flower show chairman, Mrs. Herman Porter, was that the display rated high in her estimation as a Fair Flower show. She has judged many fair exhibits.

Mrs. Worthington suggested that Pickaway County try for a state award. She complimented exhibitors on the condition of their flowers.

Mrs. Watt's Best of Show arrangement won blue ribbon in the class entitled, "The Gemini, Two - Man Space Capsule". The class called for identical arrangements.

Mrs. Watt used dock for her line material. Highlighting the focal area were red feathered birds. Dark red coleus was also incorporated in the twin arrangements. Containers were ordinary clay drainage pipes.

Winners in Thursday's flower show were: Specimen Division - Class 1, Zinnia small pompons, 1.

THE ROOTING squad that Jerry Rasor takes along on the campaign trail is made up of six girls. They have red, white and blue costumes, and do they love the chores Jerry has assigned. They march in the parades, carry banners, lead cheers and "hand out stuff" one of the girls told us. They've been to lots of fairs and homecomings. And do they have fun! The girls are: Kathy Redman, Brenda Reid, Jennifer Mowery, Carolina Marino, Ginger Hosler and Sue Kern.

SOMETIMES it looks as though Joe Cupp got himself a kingsized baby sitting job during the Fair. He sells little tractor mowers, garden rototillers and the like. The small fry are wild about the place. Little kids will climb on the tractor seats and sit there for 15 minutes at a time happily mesmerized.

CHARLES MORRIS, county commissioner, is well pleased with this year. According to Chuck, everybody is saying, "Let's go to the fair" - and that's the way it should be.

BUT AT LEAST one person was not saying "Let's Go to the Fair". At the Jones store in Tarlton a customer said "Shoot, why go to the fair when you can stay home and listen to it on radio."

He's been with a Columbus paper and those in Kingston, Pomeroy and Athens.

Mother of 5 Held For Slaying Mate

ELYRIA, Ohio (AP) - Charged with second degree murder in the shotgun slaying of her husband last June 25, Mrs. Rebecca Louise Young, 37, entered a plea of innocent Thursday before Common Pleas Judge Leroy F. Kelly.

Mrs. Young, who gave birth to daughter, Sandra Lee, early last week, is the mother of four other children. Two of them - twin 3-year-old boys - are children of the slaying victim, Grover Lee Young, 39, to whom the defendant was married for 17 years.

She told detectives young had mistreated her and she shot him in the back of the head in their home in Lorain. Then she and her son, Robert 17, put the body in a car trunk and left the vehicle in a parking lot. The crime was discovered four days later.

Robert is held in jail on a delinquency charge.

4-H Electric Show Results Are Announced

Winners of the 4-H electric show have been announced. The exhibit was judged in three classes - first year second year and advanced farm electricity.

Toledo Vice Drive Opens

TOLEDO, Ohio (AP) - A drive on gambling devices opened by Lucas County Prosecutor Harry Friberg has netted 20 pinball machines in six area diners.

Friberg asked Common Pleas Court to padlock the diners for a year and warned other operators to get the devices off their premises within 24 hours. He said about 60 pinball machines were being operated in 25 establishments in the county - all outside Toledo which bans the machines.

The prosecutor's action came Thursday after the grand jury returned six secret indictments against three corporations and nine individuals for exhibiting gambling devices.

YOUTH INJURED
ON PICKET FENCE

Walking a picket fence proved to be a hazard for a Circleville youth who was treated by Berger Hospital staff members yesterday.

A total of five persons received emergency treatment for the day. All were released.

Danny Graham, 7, son of Mr. and Mrs. Larry Graham, 389 Northridge Road, fell on a picket fence while walking astride a wooden fence.

Lewis Cook, 48, of 505 Ridgewood Ave., fell while in the bathtub and cut his right elbow on a shampoo bottle.

Donald Collins, 44, Route 1, Ashville, cut the index finger of his right hand while opening a card table at the Coliseum.

Nancy Dancy, 23, of 125 Watt St., lacerated her right heel on a screen door.

John Skidmore, 12, son of Mr. and Mrs. Howard Skidmore, Peebles, O., fell at the ball park and twisted his right foot.

Muny Court Lists
Four Traffic Cases

Toledo Vice Drive Opens

TOLEDO, Ohio (AP)—A drive on gambling devices opened by Lucas County Prosecutor Harry Friberg has netted 20 pinball machines in six area diners.

Friberg asked Common Pleas Court to padlock the diners for a year and warned other operators to get the devices off their premises within 24 hours. He said about 60 pinball machines were being operated in 25 establishments in the county — all outside Toledo which bans the machines.

The prosecutor's action came Thursday after the grand jury returned six secret indictments against three corporations and nine individuals for exhibiting gambling devices.

Fairgrounds To Turn into Battleground

Battle of Gettysburg To Be Reenacted in Front of Grandstand

Company M of the 1st Ohio Cavalry, along with other units of the Sons of Union Veterans from central Ohio, will stage a sham battle 2 p. m. Sunday at the Pickaway County Fairgrounds depicting the first day's fighting at the Battle of Gettysburg.

The famous Civil War Battle, considered by most historians to be the turning point of the Civil War, started July 1, 1863.

In the battle as it will be reenacted in front of the Grandstand, the Confederate troops will approach from the east.

They will be opposed by Company M, representing Buford's 13th Cavalry. The Cavalry will be reinforced by Reynolds 1st Corps, represented by Company F and the 19th Ohio Independent.

THE Confederates will drive the Union forces back to the main line of defense, directly in front of the Grandstand. This will represent Seminary Ridge.

The Union forces also will be beaten back to Cemetery Ridge, the west end of the oval. A final charge will be made by all Union forces representing the 1st and the 11th Cavalry retaking their own lines.

About 120 men and 15 horses will appear in the battle. They will have four cannons — three original bronze 12 pound Napoleons and one 6-pound piece. The cannons will be charged with 1 1/2 pounds of black powder. Most of the soldiers will carry 58-calibre Springfield muzzle loaders.

Company M, the Ross County unit of the Sons of the Union Veterans, will practice for the battle of Antietam at 11 a. m. Sunday on the Fairgrounds. The Ross County unit will participate in the reenactment of that battle on the actual battle site in September.

Admission will be charged for the event.

Business Briefs

Be sure your automobile liability insurance meets with the laws of the states you plan to visit before you begin an interstate motor trip, Lewis Cook Jr., secretary of the Pickaway County Insurance Agents Assn. cautioned today.

Failure to do so may mean the loss of drivers license and registration plates. While all 50 states have financial responsibility laws, the extent of financial responsibility required varies from state to state.

An Ohio driver carrying coverage of \$10,000 for one person injured in one accident and \$20,000 for two or more persons injured in one accident, plus \$5,000 for property damage, fulfills the requirements of his state. If he is involved in an accident in Virginia, however, his insurance protection may prove to be inadequate. Virginia requires liability limits of \$15,000 - \$30,000 for injuries and death and \$5,000 for damage to property.

The government of Mexico requires that all visiting motorists have liability insurance written by a Mexican insurance company. Motorists involved in accidents in Mexico who do not possess this coverage may well find themselves in the local loup.

An American independent insurance agent can arrange for such coverage. It is wise to contact your insurance agent well in advance of the motor trip, to obtain insurance acceptable to Mexican authorities.

It should be remembered, Cook reports, that collision insurance, which pays for damage to the

Celebrezze Slapped With U.S. Lawsuit

CLEVELAND (AP) — Anthony J. Celebrezze, new secretary of health, education and welfare, became a defendant in a suit in U.S. District Court here Wednesday, 24 hours after he had taken the oath of office in Washington.

The plaintiff is Mrs. Virgil M. Welsch of Dover, who asks that the Old Age and Survivors Bureau of the Social Security Administration be overruled in its refusal to pay her disability insurance.

Celebrezze, former Cleveland mayor, was named a defendant because the Social Security Administration is in his department.

Mrs. Welsch, former employee at a Dover tile plant, said she had been unable to engage in gainful work since May 1959.

Rotary's Many Contributions Theme of District Governor

Internationality and the significant contributions being made everywhere by Rotarians formed the basis of a talk presented before the Circleville Rotary Club yesterday by Frederick Stecker, Rotary governor for this area.

Stecker, executive director, university relations, at Ohio State University, told how the efforts of Rotary are promoting advancement of world understanding and good will.

"Rotarians in more than 11,200 communities on six continents," he said, "are helping to draw nations closer together through their efforts to build understanding among men of different creeds and colors. They are also at work in the area of public opinion, helping to shape it on important world issues by providing information on which sound decisions can be made."

Stecker also emphasized the importance of the individual Rotarian to the global program of Rotary. "This year," he reminded Circleville Rotarians, "we are urged by our international president, Nitish C. Laharry, of Calcutta, India, to develop to the fullest our own personal capacities for world fellowship and for personal service. President Laharry believes that by 'kindling the spark within' we take the first step toward releasing the latent power in each

of us to be of service to others."

SPEAKING of the work of Rotary clubs in international affairs, Stecker commended the local club for its support of The Rotary Foundation which awards fellowships to graduate students for study in countries other than their own. Since 1947, Rotary International has awarded nearly 1,600 Rotary Foundation Fellowships at a cost of more than \$4,000,000, with the grants averaging \$2,700. The contributions of Rotary clubs make the awards possible.

On the local level, the Rotary governor complimented the club for its direction and participation in the Red Cross Blood Recruitment Program.

Mrs. Virginia Stecker, wife of the district governor, accompanied him on the trip and was entertained at a lunch given in her honor at the Pickaway Arms by Mrs. E. G. Parsons, the local president's wife. Officers and directors Rotary-Anns in attendance were Mrs. George Helwagen, Mrs. F. O. Patrick, Mrs. Robert Call, Mrs. Henry Walters, Mrs. Robert Johnson and Mrs. Robert Burton.

Padded Expense Accounts

Uncle Sam has been insinuating for some time that anyone who takes a client to lunch and hands in an expense account for \$20 when it used to be \$5 must be a crook.

To curb such inflationary appetites, Washington has been looking into all manner of ways to restrict the "expense account way of life." The present administration suggested a blanket 50 per cent disallowance on all expense accounts on the theory that chopping off half the dishonest expenses and half the legitimate ones would constitute justice of sorts.

Generous Nature of Americans

Most public attention devoted to philanthropy focuses on gifts by the huge foundations—Ford, Rockefeller, Carnegie and such. Corporation gifts also get the spotlight. But these are picayune compared to the giving you and your neighbors do.

A recent report by the American Association of Fundraising Counsel shows that of approximately \$8.7 billion of private giving in 1961, \$7 billion was by individuals. The other totals were: Foundations, \$625 million; corporations, \$460 million; charitable bequests, \$615 million.

Of the massive share contributed by individuals, 51 per cent went to religion, 16 per cent to education, 15 per cent to wel-

Apparently some persons thought this approach was a bit crude, so the expense account has evolved through several more stages of repugnance. Currently, the Senate Finance Committee has adopted a guideline which permits expenses which would normally be incurred by a "prudent man."

According to modern definitions of the word, prudence apparently refers to a moderate growth in business expenses. Like the rise of federal corporation tax rates, which increased from 19 per cent to 52 per cent in the last quarter century.

fare, 12 per cent to health causes, 4 per cent to endowment funds and 2 per cent to others.

Perhaps most amazing in this report, though, is that it shows heavy increases in recent years at the very time when government at all levels was increasing its outlays for the same purposes. The total in 1961 was up \$500 million over 1960, for example.

If the totals ever begin to taper off, it will be proof that the generous nature of Americans is undergoing a fundamental change—or else government has killed the goose by taking so much there isn't anything left for private giving.

On Keeping Up with the Joneses

By Hal Boyle

NEW YORK (AP)—Once upon a time a family named Smith bought a house in the suburbs next door to a family named Jones.

Naturally, since they moved in different circles and hadn't been properly introduced, they never spoke to one another.

Their houses to a passing eye would seem as alike as two bubbles in beer foam, but one day Mrs. Smith thought she detected a deeper green in her neighbor's grass.

That night she told her husband: "Our lawn is positively shabby. You'll have to do something about it. After all, we have to keep up with the Joneses."

That weekend Mr. Smith could be seen tossing grass seed from a five-pound bag. The following weekend Mr. Jones was observed heaving grass seed from a 10-pound bag.

Soon Mrs. Smith decided the family next door had a shinier power lawnmower.

"We can't hold our heads up in this neighborhood unless we keep up with the Joneses," she told her husband.

Mr. Smith bought her a two-seated lawnmower marked "His" and "Hers."

The following week the Joneses and their child were cutting their grass in a spanking new three-seated lawnmower marked "His," "Hers" and "Ours."

A friend of Jones gave him a used playground swing which he put in his backyard.

Mrs. Smith noticed this at once and told her husband:

"Our child is underprivileged. We'll have to put a swimming pool in our backyard. We can't let the Joneses get ahead of us."

Mr. Smith, who loved his wife and had normal pride, ordered the swimming pool built.

The first day he swam in it he saw workmen next door building a larger swimming pool there and putting an addition on the garage. Mrs. Jones had ordered an extra car.

Well, Mrs. Smith ordered another car, too, and decided her cozy home was too small and had an other room built to make it look more impressive.

It was shortly after that when Mrs. Jones started having a maid come in twice a week. And it was shortly after that when Mrs. Smith found life wasn't worth living unless she could have a maid in every day.

The neighbors were never quite sure later whether it was Mrs. Jones or Mrs. Smith who hired the first butler ever seen in the community.

Neither was Mr. Smith. All he could remember was his wife's constant complaint, "After all, we have to keep up with the Joneses." Well, the whole race for equality collapsed when Mr. Smith had to go into court and declare himself bankrupt. There he was astonished to see his neighbor, Jones, also filling out bankruptcy papers.

"What brought you here?" he inquired. And Jones, who was nearedighted and couldn't have told his neighbor from Adam, replied: "We were getting along all right until some spendthrift smart alecs

moved in next door to us, and my wife decided we couldn't let them get ahead of us. That was our whole trouble—trying to keep up with the Smiths. How about you?" "If I told you," sighed Mr. Smith, "You wouldn't believe me."

Business Sales Show Summer Dip

WASHINGTON, (AP) — New figures showing a summer slump in business sales and construction activity were announced Thursday by the Commerce Department.

One report revealed a billion-dollar decline in sales of manufacturers, wholesalers and retailers between May and June. Sales in June totaled \$67.4 billion.

A second report gave a preliminary estimate that the annual rate of construction activity declined from \$62.5 billion in June to \$61.7 billion in July. There was a slight increase in private building but this was more than offset by a drop in public projects.

The June sales slump embraced all categories of business with retail trade off nearly 2 per cent. After adjustment for normal seasonal fluctuations, deliveries by retailers were down \$300 million from May to \$20.2 billion.

Sales of manufacturers declined by \$500 to \$34.1 billion and deliveries by wholesalers were \$200 million to \$13.2 billion. Sales of \$500 million to \$34.1 billion and deliveries by wholesalers were down \$200 million to \$13.2 billion.

Manufacturing and trade inventories increased by \$300 million between May and June. The total at the end of June was \$97.7 billion. Manufacturers, wholesalers and retailers recorded increases of \$100 million each.

The construction report showed that the annual rate of private building increased by \$66 million in July to \$44.7 billion. However, the rate of public construction declined by \$88.5 million to \$16.9 billion. The figures are rounded and the overall July rate was figured at \$61.7 billion.

It used to be, before so-called democracy became synonymous with vulgarity, that noblemen, public officials and diplomats behaved themselves in accordance with their office and their status so that the phrase, noblesse oblige, had real meaning. We expected a person who enjoyed benefits and privileges not to abuse them.

The United Nations is situated in New York City, although it enjoys extraterritorial privileges. These privileges are extended not only to members of the United Nations but to some employees.

Actually no personnel associated with the United Nations live on United Nations territory. All of them live either in New York City or its environs. Such persons are not subject to municipal law. They have over the years — some of them have — abused the advantage of living in an anarchy. Thus, their cars carry license plates which indicate their exalted position. Those who take advantage of such a circumstance are, of course, vulgar. The true gentleman never takes advantage.

The "DPL" plates have been used on cars which have been double parked, badly parked, in front of fire hydrants, in places where there were signs prohibiting parking. The State Department has apparently insisted that there is an agreement between the United States and the United Nations authorizing these infractions of municipal law. There is no such agreement. The agreement authorizing the situation of the United Nations in New York City provides for the right of those chosen to represent their countries at the United Nations shall have free access to its buildings and shall not be molested. That has been extended, by courtesy, to mean all sorts of improprieties.

For instance, a night club is not the United Nations. When a man goes to a night club to enjoy an evening, he ought to regard himself as just another guy on the town without any special privilege. When a Russian diplomat damages a car because he is in a hurry, he should pay all the damages. If he is impolite about it, he should be withdrawn by his own government before any fuss is made about it.

The other day I heard that many months ago a Latin American diplomat struck down an attendant at the Waldorf Astoria Hotel and nothing has been done about it for about half a year. This is unfair. The so-called diplomat should have volunteered to take care of the matter. No gentleman takes advantage.

This has nothing to do with politics or with the diplomacy. It is a matter of manners and morals. We live in a revolutionary age where men are thrown up from the gutter to leadership. Some are able to hit their stride. Others still make a howling noise when they eat their soup. It is easy to learn never to take advantage of other human beings, particularly because of one's position.

I am quite sure that Prince Philip would not take advantage. I once walked on the streets of

New York with Prince Philip and my old friend, Bill Ormerod, but there was no police escort, no pushing and shoving. We were just three fellows walking on a sidewalk from one place to another, with no fuss whatsoever.

On the other hand, it is always possible to see who have just sprung up from nowhere demanding an homage which is not their due and which, if they can get it no other way, they imagine that they can accomplish something by standing a car in front of a fire hydrant.

The New York City Fire Department is correct in its decision to haul away any car that stands in front of a fire hydrant. It is said that the diplomats mean to protest this indignity. What indignity!

Most of them have never had it so good and they ought to be grateful that they are permitted to stay in this country where conditions are so much more pleasant than they are in their home countries. Americans, on the whole, are an easy-going people. They do not take high sounding office seriously — not even their own officials. We are that way. We know that most of the great of the Earth are not so very great after they get out of office. They are just about the same as anybody else who has no job.

Padded Expense Accounts

Uncle Sam has been insinuating for some time that anyone who takes a client to lunch and hands in an expense account for \$20 when it used to be \$5 must be a crook.

To curb such inflationary appetites, Washington has been looking into all manner of ways to restrict the "expense account way of life." The present administration suggested a blanket 50 per cent disallowance on all expense accounts on the theory that chopping off half the dishonest expenses and half the legitimate ones would constitute justice of sorts.

Generous Nature of Americans

Most public attention devoted to philanthropy focuses on gifts by the huge foundations—Ford, Rockefeller, Carnegie and such. Corporation gifts also get the spotlight. But these are picayune compared to the giving you and your neighbors do.

Some Never Had It So Good

By George Sokolsky

It used to be, before so-called democracy became synonymous with vulgarity, that noblemen, public officials and diplomats behaved themselves in accordance with their office and their status so that the phrase, no-blesse oblige, had real meaning. We expected a person who enjoyed benefits and privileges not to abuse them.

The United Nations is situated in New York City, although it enjoys extraterritorial privileges. These privileges are extended not only to members of the United Nations but to some employees.

Actually no personnel associated with the United Nations live on United Nations territory. All of them live either in New York City or its environs. Such persons are not subject to municipal law. They have over the years — some of them have — abused the advantage of living in an anarchy. Thus, their cars carry license plates which indicate their exalted position. Those who take advantage of such a circumstance are, of course, vulgar. The true gentleman never takes advantage.

The "DPL" plates have been used on cars which have been double parked, badly parked, in front of fire hydrants, in places where there were signs prohibiting parking. The State Department has apparently insisted that there is an agreement between the United States and the United Nations authorizing these infractions of municipal law. There

is no such agreement. The agreement authorizing the situation of the United Nations in New York City provides for the right of those chosen to represent their countries at the United Nations shall have free access to its buildings and shall not be molested. That has been extended, by courtesy, to mean all sorts of improprieties.

For instance, a night club is not the United Nations. When a man goes to a night club to enjoy an evening, he ought to regard himself as just another guy on the town without any special privilege. When a Russian diplomat damages a car because he is in a hurry, he should pay all the damages. If he is impolite about it, he should be withdrawn by his own government before any fuss is made about it.

The other day I heard that many months ago a Latin American diplomat struck down an attendant at the Waldorf Astoria Hotel and nothing has been done about it for about half a year. This is unfair. The so-called diplomat should have volunteered to take care of the matter. No gentleman takes advantage.

This has nothing to do with politics or with the diplomacy. It is a matter of manners and morals. We live in a revolutionary age where men are thrown up from the gutter to leadership. Some are able to hit their stride. Others still make a howling noise when they eat their soup. It is easy to learn never to take advantage of other human beings, particularly because of one's position.

I am quite sure that Prince Philip would not take advantage. I once walked on the streets of

New York with Prince Philip and my old friend, Bill Ormerod, but there was no police escort, no pushing and shoving. We were just three fellows walking on a sidewalk from one place to another, with no fuss whatsoever.

On the other hand, it is always possible to see who have just sprung up from nowhere demanding an homage which is not their due and which, if they can get it no other way, they imagine that they can accomplish something by standing a car in front of a fire hydrant.

The New York City Fire Department is correct in its decision to haul away any car that stands in front of a fire hydrant. It is said that the diplomats mean to protest this indignity. What indignity!

Most of them have never had it so good and they ought to be grateful that they are permitted to stay in this country where conditions are so much more pleasant than they are in their home countries. Americans, on the whole, are an easy-going people. They do not take high sounding office seriously — not even their own officials. We are that way. We know that most of the great of the Earth are not so very great after they get out of office. They are just about the same as anybody else who has no job.

Miss Butcher, Mr. Barthelmas To Wed Saturday

Plans have been completed for the Saturday wedding of Miss Connie Butcher to Mr. Terry Barthelmas. Miss Butcher is the daughter of Mr. and Mrs. John Franklin Butcher, St. Paul, Minn., and Mr. Barthelmas is the son of Mr. and Mrs. Eugene Barthelmas, Sharon Road.

The open church wedding will be Saturday at 7:30 p. m. in the Trinity Lutheran Church.

A dinner will be held at Tinks Tavern Friday evening following the wedding rehearsal.

Miss Butcher has been honored recently with several parties given by the following: Mrs. David Fullen, Dartmouth Drive, was hostess for a kitchen shower July 24. Mrs. Frank Kremblas and Mrs. Collis Young entertained with a brunch July 21. Mrs. T. D. Van Camp, Mrs. Terry Roof and Miss Alice Dawson gave a personal shower July 28.

Mrs. Jack White, Circle Drive, gave a miscellaneous shower July 30 and Mrs. Frank Barnhill Jr. and Mrs. Walter Ehmling entertained with a luncheon and linen shower at the Pickaway Arms July 31.

Personals

Mr. and Mrs. Everett Phillips and sons Steven and Mark have returned from a month's vacation. They traveled through Colorado and the Northwest and attended the Seattle World's Fair. They returned home through Canada.

Mrs. Veronica Matty, Route 3, had as recent guests her sister, Sister M. Walter and companion, Sister M. Antonice, both of St. Francis Convent, Pittsburgh, Pa. Also visiting were her sisters, Mrs. Floyd B. Aliucci and son Ronald of Buckhannon, West Va., Mrs. James Duvall and twin sons Timmy and Tommy of West Brownsville, Pa., and Mrs. Charles J. Gauth and Dr. and Mrs. Milton Boyd and family of Coshocton.

Mr. and Mrs. John Eitel Jr. and sons, Darbyville, have returned from a vacation in Canada and Niagara Falls. They also visited relatives in Pennsylvania.

Mr. and Mrs. Wilber Pontious, Columbus, Mrs. Rolla Murielle, Fredrick, Okla. and Miss Anna G. Dresbach were dinner guests Thursday of Mr. and Mrs. Waldo Murielle, Route 2. Mrs. Murielle is spending a month with Mr. and Mrs. Murielle and other relatives.

Miss Pickel Feted at Bridal Shower

Miss Mary Alice Pickel was honored this week with a bridal shower given by Katie Lindsey and Mrs. Ralph Isaac at the Prairie Lanes Party Room.

Pink and white streamers were used for decorating the gift table. The guest list included Mrs. John Pontious, Miss Marilyn Hartman, Miss Anne Gilt, Miss Paula Francis, Miss Linda Easterday, Mrs. Jimmy Hinton, Miss Linda Reid, Mrs. Robert Weffler, Miss Betty Jo Meredith, Mrs. Walter Pickel, Miss Linda Anderson, Mrs. Henry McCain, Miss Janet Barnhart, Miss Ruth Anne Wilder, Mrs. Jim Hacker, Miss Susan Blue, Mrs. Lloyd Blue, Mrs. Myron Leist and Mrs. Dave Valentine.

Gifts were sent by Miss P. M. Cupp, Miss Judy Woodward, Miss Linda Leist, Miss Sue Grubb, and Mrs. Harry Melvin.

For Lasting Loveliness and Keeping Pretty

By JOAN O'SULLIVAN

You're painted the prettiest picture of you that's possible. Then, you look in the mirror to check your handiwork. What do you see? Make-up, instead of giving your face a smooth mat finish, is marred by droplets of perspiration.

That's summer for you! But there's a way to beat what heat can do to a perfect makeup job!

A famed cosmetic expert has come up with a way to weather hot summer days. The routine she suggests is designed to make loveliness lasting, no matter what heights the mercury reaches.

It begins, not with makeup, but with cleansing.

In hot weather, she advises, most complexions thrive on a greasiness cleanser. A milky formula is suggested. Smooth it on with finger tips, massage gently, then tissue away.

Next, apply a special citrus-scented astringent that's her heat-resistant beauty secret. The astringent actually helps keep the complexion free of surface moisture!

Apply the astringent liberally over the entire face. Allow it to dry a minute, then apply some more.

Skin feels cool and is now conditioned for make-up.

If skin is oily, the chin, forehead and nose will require special treatment. Our expert suggests you apply a special clear liquid to these areas. It's a formula designed to prevent shine and give the skin a mat surface, making powder adhere for hours. Only a dot of the formula is needed—blend it with finger tips, then apply make-up.

Other tips for lasting summer loveliness include these on make-up:

1. Use a cool pastel shade of eye shadow.
2. Take time to apply mascara evenly to each lash, so that lashes aren't coated too heavily.
3. Use loose powder, pressing it, rather than puffing it onto skin.
4. To make lipstick last, outline with a dark shade, fill in with a lighter shade—but one in the same family of reds as the darker color.

Finish off the make-up job by applying more of the citrus-scented astringent. Pour some on a cotton puff, press the puff gently over the face and make-up's set for a hot summer day.

Cure Worse than Disease

CLEVELAND (AP) — Residents of nearby Mentor Township are wondering which is worse — a sting or a bite.

After much complaining about a growing mosquito population, the township trustees began studying ways to rid the area of the pests.

To get rid of the sting the bite will be \$30,000.

American Youth in Colombia To Help 'God's Minute' Group

BOGOTA, Colombia (AP) — An 18-year-old former New York girl has recruited a group of her friends in the United States to work here this summer in what she calls a "Catholic kibbutz."

A kibbutz is a communal farm in Israel, and Cathy Drexler's description of Father Rafael Garcia Herreros' "God's Minute" community of 230 families isn't far wide of the mark.

The 10 boys and girls from the United States, together with Cathy and four other daughters of U.S. officials here, are living in the community to help the Colombian Catholic priest raise the standard of living of families who have known only squalid poverty.

Father Garcia Herreros' community, founded four years ago, is a radical innovation designed to give poor families a chance in life through good housing, higher-than-average wages at the community workshops, self discipline and sober industry.

"I want to prove that the social

problems of our time can be solved through Christianity," said the priest.

The community, about five miles from downtown Bogota, is nonsectarian.

Schooling is compulsory for children up to the ninth grade.

The community, including workshops, schools, a Catholic church (where attendance is optional), a movie, community hall and cooperative stores, covers about 30 acres. There are 250 homes on the land and the priest expects to build another 450. He has his own architect and builder.

Money for the project comes from private sources and Colombian government loans. Father Garcia Herreros is negotiating a loan from the U.S. Agency for International Development.

"I was impressed by the idea behind the project," said Miss Drexler, who is Jewish. "It seemed to me it was the only real sincere effort I found to help the poor of Colombia."

And, tried three years as a housewife — "but the bills were coming in and the money wasn't."

She booked herself, husband and others into a Buffalo night spot with an act she didn't have, hastily learned eight numbers. The act succeeded. When Kay discovered she couldn't sing eight hours nightly, she started talking between numbers, discovered she was a comedienne.

She found success but lost the husband en route. In the divorce settlement he received the results of her first venture into business: eight cemetery lots.

37th Division Turns on Its Firepower

CAMP GRAYLING, Mich. (AP) — Ohio's 37th Infantry Division turned on its firepower Thursday in one of the highlights of the two-week training period here.

Lt. Gen. John S. Upham Jr., new commander of the U. S. 2nd Army, toured the rambling military reservation and was greeted with demonstrations of the National Guard division's might at every stop.

Also during the day, the division marked up a first for a reserve component as the Army's light airplanes dropped parachutists behind lines of assault in a demonstration of the increasing emphasis on guerilla warfare.

The 1st Medium Tank Battalion based in Northeastern Ohio, with M48 tanks and armored personnel carriers bringing infantrymen into action, rolled over moving targets with steady fire from their 90-MM guns and machine guns.

Artillery battalions, using 105 and 155-MM and 8-inch howitzers, poured the biggest artillery barrage of the encampment.

The 112th Engineer Battalion, of the Cleveland area, first crossed a lake with a heavy bridge and in another demonstration the combat engineers swept across the water to establish a beachhead while charges of TNT rocked their small boats.

The infantry, the backbone of the division, staged squad problems with infantry and weapons squads assaulting positions with all weapons at their disposal.

In all exercises, live ammunition was used, making conditions as near to real combat as safety conditions permitted.

Thereafter Kay married a musician and tried three years as a housewife — "but the bills were coming in and the money wasn't."

Views on TV - Radio

By CYNTHIA LOWRY
AP Television-Radio Writer

HOLLYWOOD (AP)—The commissary of the Desilu Caluena Studios, at the lunch break, functions as the West Coast branch of Lindy's, favorite Broadway hang-out for comedians.

Any day this past week there were Joey Bishop, Dick Van Dyke, Morey Amsterdam, Jack Carter, Carl Reiner, Marty Ingels and others, ignoring their cottage cheese-and-lettuce in favor of impromptu entertainment. Wise-cracks soared between tables and the dominant background noise was laughter.

Andy Griffith, in his television uniform as the sheriff of Mayberry, sat quietly at a side table, grinning appreciatively as Amsterdam (who had flown in from Germany the night before) gave an imitation of Hitler.

"Some comics," he drawled, "are always on. They can't stand a moment when they aren't working and foolin' around. But ah guess ah'm not one of them—ah'm a lousy comic."

Andy, of course, was just having his little joke. He's an energetic, brilliant comic, but his thoughtful style is better suited to more leisurely surroundings.

After a nine week vacation with his wife and family back in his native North Carolina, Andy is immersed in another season's batch of "Andy Griffith Show"—the third year for the popular country-style situation comedy of CBS' powerful Monday night humor lineup.

"We've spent two good years doing just about the same thing," he remarked thoughtfully, "and while we'd all like to explore new areas, I don't think we ought to change. All of us still love the show, and the public likes it—I'd like to keep on for another five years."

But, as the blond, blue-eyed star remarked, they "had to do something new," so this year "The Andy Griffith Show" will be one of many returning shows introducing a girl.

She's Joanna Moore, and she's signed for four shows to play a nurse in Mayberry. If it works out well, she may turn up in more.

When Bob Hope takes off soon for Nairobi and a new movie, he will have taped his first two NBC specials of the season. The first, for Oct. 24, has Bing Crosby, Lucille Ball and Juliet Prowse. The November show will star Jack Benny, Ethel Merman and Bobby Darin.

Men's Fashions Change

ATLANTIC CITY, N. J. (AP)—Having gone about as far as they could go in one direction, designers of men's clothing have started the other way.

The International Association of Clothing Designers noted during a convention here that suits were narrowed down "to the absolute limit" about five years ago.

Now, a spokesman said, "men's fashions have again started to fill out to proportions that are unmanly without being oversized."

Dear Abby:

by Abigail Van Buren

Past, Present or Future?

DEAR ABBY: I am very much in love with a girl I met at college. I graduated this June (she quit after two years) and I want to marry her. She says she loves me but refuses to leave the small town where she was raised. She's

close to her family (especially her mother) and says if I get a job in her town (population 16,000) she'll marry me this Christmas.

Abby, I have a good job with a promising future in MY home town (population 260,000), which is only 300 miles from hers. I know my future is here. My friends say I'd be foolish to marry her on her terms. An outsider's opinion is needed.

YOUNG MAN WITH A FUTURE
DEAR YOUNG MAN: Your "girl" appears to be more interested in the present and her family than in the future and you. Unless you can get the "small town" out of this girl, don't take this girl out of her small town.

DEAR ABBY: I went through a red light and the most attractive man I've ever seen gave me a ticket. I can't get that officer out of my mind. When he wrote down my name and address, I kiddingly told him to call me up some time. He smiled, but I haven't heard from him.

Could he think I am married? How can I find him again? I drive up and down that street every chance I get, but I haven't seen him.

GOT A CRUSH
DEAR GOT: Maybe HE'S married—or has a "crush" on somebody else. Forget him. It's the fascination of the "one who got away."

DEAR ABBY: I guess you can call me a nosy neighbor, but I can't stand by and see a young girl ruined without trying to help. Several other neighbors besides myself have seen a boy slip into this girl's bedroom window after her parents have retired. He stays until almost dawn. Should we notify the mother of the girl or should we report it to the authorities? She's a high school girl.

SIGN ME NOSY
DEAR NOSY: Notify the mother, and without delay!

CONFIDENTIAL TO "LEARN-ED A LESSON": Thank you for your airmail special delivery letter. I truly hope you have "learned a lesson." Sometimes a good scare is better than good advice.

Unload your problem on Abby. For a personal reply, send a self-addressed, stamped envelope to ABBY, care of this paper.

You're painted the prettiest picture of you that's possible. Then, you look in the mirror to check your handiwork. What do you see?

Make-up, instead of giving your face a smooth mat finish, is marred by droplets of perspiration.

That's summer for you! But there's a way to beat what heat can do to a perfect makeup job!

A famed cosmetic expert has come up with a way to weather hot summer days. The routine she suggests is designed to make loveliness lasting, no matter what heights the mercury reaches.

It begins, not with makeup, but with cleansing.

In hot weather, she advises, most complexions thrive on a greaseless cleanser. A milky formula is suggested. Smooth it with finger tips, massage gently, then tissue away.

Next, apply a special citrus-scented astringent that's heat-resistant. The astringent actually helps keep the complexion free of surface moisture!

Apply the astringent liberally over the entire face. Allow it to dry a minute, then apply some more.

Skin feels cool and is now conditioned for make-up.

If skin is oily, the chin, forehead and nose will require special treatment. Our expert suggests you apply a special clear liquid to these areas. It's a formula designed to prevent shine and give the skin a mat surface, making powder adhere for hours. Only a dot of the formula is needed—blend it with finger tips, then apply make-up.

American Youth in Colombia To Help 'God's Minute' Group

BOGOTA, Colombia (AP)—An 18-year-old former New York girl has recruited a group of her friends in the United States to work here this summer in what she calls a "Catholic kibbutz."

A kibbutz is a communal farm in Israel, and Cathy Drexler's description of Father Rafael Garcia Herreros' "God's Minute" community of 230 families isn't far wide of the mark.

The 10 boys and girls from the United States, together with Cathy and four other daughters of U.S. officials here, are living in the community to help the Colombian Catholic priest raise the standard of living of families who have known only squalid poverty.

Father Garcia Herreros' community, founded four years ago, is a radical innovation designed to give poor families a chance in life through good housing, higher-than-average wages at the community workshops, self discipline and sober industry.

"I want to prove that the social

problems of our time can be solved through Christianity," said the priest.

The community, about five miles from downtown Bogota, is nonsectarian.

Schooling is compulsory for children up to the ninth grade.

The community, including workshops, schools, a Catholic church (where attendance is optional), a movie, community hall and cooperative stores, covers about 30 acres. There are 250 homes on the land and the priest expects to build another 450. He has his own architect and builder.

Money for the project comes from private sources and Colombian government loans. Father Garcia Herreros is negotiating a loan from the U.S. Agency for International Development.

"I was impressed by the idea behind the project," said Miss Drexler, who is Jewish. "It seemed to me it was the only real sincere effort I found to help the poor of Colombia."

Cemetery Plot Salesgirl Is Doing OK as Comedienne

HOLLYWOOD (AP)—Kay Stevens was always really trying, but she never learned how to succeed in business until she turned to show business.

She is succeeding now. A wild, wild comedienne who can also sing, she is a big new draw on the night club circuit. She is now making her mark in movies. She registers strongly in "The Intimates" and now is appearing with Danny Kaye in "The Man from the Diner's Club."

Kay's previous excursions into business were marked by varying degrees of failure. She started out as a cemetery plot salesgirl, and there she was too successful.

"Oh, I was making \$200 to \$300 a week selling door-to-door when I was 19," recalled the Cleveland girl. "I had a regular routine that was irresistible. Trouble is, I was so successful that I sold out the entire cemetery. The owner offered to open another one for me, but I decided I'd had it with selling plots."

Next came a turn with a nut-bolts-and-screws firm. Kay was file clerk, but with her own particular system.

"I have a photogenic (sic) memory, you see," she explained. "I knew where everything was, but nobody else did."

She moved on to a commercial soap company, but confinement to the shipping room bugged her.

Kay also tried modeling. She did well until the day she went out to get some cashews during a snowstorm just before a big fashion show and tumbled into the dirty snow.

Thereafter Kay married a musician and tried three years as a housewife — "but the bills were coming in and the money wasn't."

She booked herself, husband and others into a Buffalo night spot with an act she didn't have, hastily learned eight numbers. The act succeeded. When Kay discovered she couldn't sing eight hours nightly, she started talking between numbers, discovered she was a comedienne.

She found success but lost the husband en route. In the divorce settlement he received the results of her first venture into business: eight cemetery lots.

37th Division Turns on Its Firepower

CAMP GRAYLING, Mich. (AP)—Ohio's 37th Infantry Division turned on its firepower Thursday in one of the highlights of the two-week training period here.

Lt. Gen. John S. Upham Jr., new commander of the U. S. 2nd Army, toured the rambling military reservation and was greeted with demonstrations of the National Guard division's might at every stop.

Also during the day, the division marked up a first for a reserve component as the Army's light airplanes dropped parachutists behind lines of assault in a demonstration of the increasing emphasis on guerilla warfare.

The 1st Medium Tank Battalion based in Northeastern Ohio, with M48 tanks and armored personnel carriers bringing infantrymen into action, rolled over moving targets with steady fire from their 90-MM guns and machine guns.

Artillery battalions, using 105 and 155-MM and 8-inch howitzers, poured the biggest artillery barrage of the encampment.

The 112th Engineer Battalion, of the Cleveland area, first crossed a lake with a heavy bridge and in another demonstration the combat engineers swept across the water to establish a beachhead while charges of TNT rocked their small boats.

The infantry, the backbone of the division, staged squad problems with infantry and weapons squads assaulting positions with all weapons at their disposal.

In all exercises, live ammunition was used, making conditions as near to real combat as safety conditions permitted.

New Regulations On Drugs Readied

WASHINGTON (AP)—Secretary of Welfare Anthony J. Celebrezze said today new regulations will be issued soon covering distribution of new drugs to doctors for investigational purposes.

"It seems clear," he said in a statement, "that some tightening up needs to be done, although care must be taken not to interfere with the professional work of competent physicians."

"It is equally clear, however, that full protection of consumers against unsafe or worthless drugs will require action by Congress. I am hopeful that Congress will enact the President's recommendations to strengthen the Food and Drug Act at this session."

The Food and Drug Administration is a division of Celebrezze's department.

HOLLYWOOD (AP)—The commissary of the Desilu Cahuenga Studios, at the lunch break, functions as the West Coast branch of Lindy's, favorite Broadway hang-out for comedians.

Any day this past week there were Joey Bishop, Dick Van Dyke, Morey Amsterdam, Jack Carter, Carl Reiner, Marty Ingels and others, ignoring their cottage cheese-and-lettuce in favor of impromptu entertainment. Wise-cracks soared between tables and the dominant background noise was laughter.

Andy Griffith, in his television uniform as the sheriff of Mayberry, sat quietly at a side table, grinning appreciatively as Amsterdam (who had flown in from Germany the night before) gave an imitation of Hitler.

"Some comics," he drawled, "are always on. They can't stand a moment when they aren't working and foolin' around. But ah guess ah'm not one of them—ah'm a lousy comic."

Andy, of course, was just having his little joke. He's an energetic, brilliant comic, but his thoughtful style is better suited to more leisurely surroundings.

After a nine week vacation with his wife and family back in his native North Carolina, Andy is immersed in another season's batch of "Andy Griffith Show"—the third year for the popular country-style situation comedy of CBS' powerful Monday night humor lineup.

"We've spent two good years doing just about the same thing," he remarked thoughtfully. "and while we'd all like to explore new areas, I don't think we ought to change. All of us still love the show, and the public likes it—I'd like to keep on for another five years."

But, as the blond, blue-eyed star remarked, they "had to do something new," so this year "The Andy Griffith Show" will be one of many returning shows introducing a girl.

She's Joanna Moore, and she's signed for four shows to play a nurse in Mayberry. If it works out well, she may turn up in more.

When Bob Hope takes off soon for Nairobi and a new movie, he will have taped his first two NBC specials of the season. The first, for Oct. 24, has Bing Crosby, Lucille Ball and Juliet Prowse. The November show will star Jack Benny, Ethel Merman and Bobby Darin.

Men's Fashions Change
ATLANTIC CITY, N. J. (AP)—Having gone about as far as they could go in one direction, designers of men's clothing have started the other way.

The International Association of Clothing Designers noted during a convention here that suits were narrowed down "to the absolute limit" about five years ago.

Now, a spokesman said, "men's fashions have again started to fill out to proportions that are man-sized without being oversized."

Great Lakes Tugboat Crewman Is Killed
ASHTABULA, Ohio (AP)—A tugboat lineman for the Great Lakes Towing Co., Stanley A. Michalak, 55, of Ashtabula, was killed Thursday when struck by a towline while working aboard the tugboat "Idaho." Police said the boat had started to tow an ore vessel when the tug line parted and one end of it struck Michalak.

Plan to go to church regularly and read your Bible daily.

The dignity of willing labor is one of the principles which Christianity has established among us. It is a natural by-product of a faith whose founder was the Carpenter of Nazareth, whose first adherents were fishermen of Galilee.

Those who are eager to serve God and their fellow men find rich opportunities in the life of the Church. There are tasks for a man's hands, for his voice, for his pen, for his mind. There are needs that our offerings cannot supply . . . challenges that call for the talents and time of earnest men and women.

That friendly church which inspires us on Sunday is busy with the Lord's work all week. That man in the next pew is finding new happiness in willing Christian service. Are you?

This deportation was not at all unique in ancient times. For many years the Assyrians had practiced such a policy, transplanting people from conquered nations to sparsely settled areas in their own land. This policy apparently stemmed from the difficulty of maintaining control over another country, especially when that country was far from the seat of empire. Thus it follows that the leaders—the nobility, the craftsmen, the military men and the leading citizens—were the first to be carried off (as they were in Jeholachin's case). A side advantage of this policy of deportation was, of course, the building up of the empire.

conquering country through the addition of such able settlers. These captive peoples were not treated cruelly, therefore. The despair of the captive Jews did not stem from maltreatment but from homesickness and low morale. The attacks against Jerusalem throughout her history have been legion. After the destruction described here, it suffered under the Persians for years; Artaxerxes Ochus may have destroyed the temple. Again in 320 B.C., according to Appian, Ptolemy Soter, successor of Alexander the Great, destroyed the city. Antiochus Epiphanes tried to Hellenize the area in 169 B.C.; he took the city, destroyed the walls, robbed the temple and built an altar to Zeus where God's had been. Only one other disaster, however, was comparable to this destruction by Nebuchadnezzar—that which occurred in 70 A.D., when the Roman emperor Vespasian sent his son, Titus, to Jerusalem. Mercy Denied Woman, Her Hired Killers

SACRAMENTO, Calif. (AP) — Gov. Edmund G. Brown rejected Thursday clemency for Elizabeth Duncan and the two men she hired to kill her pregnant daughter-in-law.

All three are scheduled to be executed in San Quentin's gas chamber Wednesday.

The governor, who conducted an emotion-packed hearing Wednesday, telephoned his decision from Los Angeles.

"I have reviewed in great detail the evidence and the arguments presented for clemency in the case of Elizabeth Duncan, Luis Moya and Augustine Baldonado," he said.

"I am unable to find circumstances to warrant commutation. I will not intervene in these cases."

Mrs. Duncan, 58, was convicted of hiring Baldonado, 28 and Moya, 23, to kill Olga Duncan, 30, in November 1958. The motive, the prosecution said, was jealousy because Olga had married her son, Frank, five months previously.

Farmer Pushes Own Foreign Aid

WASHINGTON (AP) — Farmer Harold Weisberg's own foreign aid program is moving at a brisk waddle again.

Weisberg, of Hyattstown, Md., who last January sent 25 white geese as a gift to St. Lucia Island in the West Indies, is sending off another quacking and honking shipment of good will.

This one—50 ducklings and 18 goslings from his prime breeding stock—are heading for Liberia at the request of the African nation as a start on increasing its food supply.

Why is Weisberg doing it? "Because I want to help," he said. "President Kennedy told us in his inaugural address that each citizen should ask himself what he could do for his country."

The World Today

By James Marlow

WASHINGTON (AP)—It's hardly a quiet world even though there's no war at the moment except in South Viet Nam.

People around the earth have been fighting, rioting, marching, protesting, picketing, demonstrating and even filibustering for something or against something.

Russia itself complained it got some of the protest treatment from Americans visiting the Soviet Union. And demonstrators who lie down are as much of a handful for police as demonstrators who stand up and march.

Some of the ideas at stake in these struggles will melt away, some, like the desire for peace and fair treatment, never will. Not all the ideas for which these people protest will prevail.

Some will. And in some cases the desired impact on the public and governmental mind will be made. Some of the demonstrators fight what they look on as a hateful thought. Some want to stir the conscience of mankind.

Some are concerned only with what's in it for them. Moscow Radio reported 11 Americans at a youth camp in the Crimea were reprimanded for passing out anti-Soviet pamphlets.

In Finland there were four nights of riots against the Communist-sponsored World Youth Festival in Helsinki. Mounted police, perhaps sympathetic with those they were trying to disperse, used clubs.

In France young farmers, behind a slogan of farm land for farmers, blocked roads and attacked property of non-farmer in vestors moving in to buy land.

There were three brawling nights in London's East End where rioters broke up meetings of Sir Oswald Moseley, the pre-war fascist leader. He was knocked down and got his face marked up.

In a Birmingham suburb of England there were more race riots.

And in Argentina there were riots in a 48-hour anti-government strike called by the labor federation which is dominated by followers of the exiled dictator, Juan Peron.

Earlier this year Japanese students demonstrated against the American decision to resume nuclear tests. And in London 25,000 ban-the-bomb marchers protested against it.

Their leader was 90-year-old British philosopher Sir Bertrand Russell, still spry and as full of indignation as when he opposed World War I.

Over the weekend 50 pickets marched outside the White House to protest the arrest in Albany, Ga., of the Rev. Martin Luther King, leader there of a peaceful Negro protest against segregation.

In that Georgia city hundreds of Negroes have been arrested in their demonstrations to get city officials to listen to their plea for integration of public facilities.

Their prolonged efforts didn't go unnoticed. The attention of the na-

tion was fastened on them. And this week President Kennedy said he thought it "inexplicable" that the city commissioners refused to sit down with the citizens of Albany.

And even in the U.S. Senate a group of liberals put on their own demonstration—called a filibuster—to stop passage of a bill they didn't like.

Their complaint: That the measure would hand over control of the newly developed space communications system to private monopoly. They won their point, if only temporarily action on the bill was delayed a while.

In a Birmingham suburb of England there were more riots.

And in Argentina there were riots in a 48-hour anti-government strike called by the labor federation which is dominated by followers of the exiled dictator, Juan Peron.

Earlier this year Japanese students demonstrated against the American decision to resume nuclear tests. And in London 25,000 ban-the-bomb marchers protested against it.

Their leader was 90-year-old British philosopher Sir Bertrand Russell, still spry and as full of indignation as when he opposed World War I.

Over the weekend 50 pickets marched outside the White House to protest the arrest in Albany, Ga., of the Rev. Martin Luther King, leader there of a peaceful Negro protest against segregation.

In that Georgia city hundreds of Negroes have been arrested in their demonstrations to get city officials to listen to their plea for integration of public facilities.

Their prolonged efforts didn't go unnoticed. The attention of the na-

tion was fastened on them. And this week President Kennedy said he thought it "inexplicable" that the city commissioners refused to sit down with the citizens of Albany.

And even in the U.S. Senate a group of liberals put on their own demonstration—called a filibuster—to stop passage of a bill they didn't like.

Their complaint: That the measure would hand over control of the newly developed space communications system to private monopoly. They won their point, if only temporarily action on the bill was delayed a while.

Costlow, Bastian Funeral Home, Gloyd's Sohio Service Station, Ashville Dry Cleaners, Baum Variety Store, Sines Grocery, Messick's Royal Blue Market, Dick's Hardware, Citizens' Bank, Ashville Bank, Brown Pony Ranch, Kippy Kit.

Circleville Swimmers Cop 3rd Straight

The Circleville Swim Club coped its third straight dual swim meet and its fifth in eight outings with a 240-234 victory over a strong Alum Creek Swim Club. The locals scored 20 firsts, 15 seconds and 18 thirds.

The Alum Creek Club had an outstanding 17 and under group composed mostly of Columbus Academy swimmers. Alum Creek recently placed 11th out of 30 teams in the Delaware Invitational.

The strength in last night's 49 event meet came mostly from the 14 and under, 12 and under, and 10 and under age groups. Mike Meriman gave his usual outstanding performance in the 14 and under age group and gave strong support to the 17 and under group.

Debbie Shea topped her first win in the 20 yard Butterfly and Brenda Anderson gave a fine showing in the Freestyle and Butterfly events in both the 14 and under and 12 and under groups. Terry Lewis and Joe Leatherwood gave fine support in relays in the 14 and under group.

KELLY Leatherwood, a 10 and under swimmer, has scored three firsts in the last three meets in the 20 yard Breast-stroke.

Coach Chuck Ransom noted that although he was well pleased with last night's win, a lot of mistakes were made. Tonight the local aquanauts host a meet with Berwick Beach Club and next week Tiki Swim Club of Lancaster comes here.

Anti-Blue Law Group Granted Ohio Charter

COLUMBUS, Ohio (AP) — A group of men opposing modification of Ohio's Sunday closing laws has obtained a corporation charter as a voters information committee. The committee said it would campaign to inform Ohio voters about a proposed constitutional amendment designed to modify limitation of Sunday sales to necessities.

Nearly 14 per cent of all U. S. workers reported in the 1960 census that their place of work was outside the county in which they lived.

TODAY In History

By THE ASSOCIATED PRESS

Today is Friday, Aug. 3, the 215th day of 1962. There are 150 days left in the year.

Today's highlight in history: On this day in 1958, the world's first atomic submarine — the USS Nautilus — made the first voyage under the North Pole.

On this date: In 1492, Christopher Columbus sailed on his first voyage to America.

In 1546, French scholar Etienne Dolet was burned as a heretic for an alleged mistranslation of Plato.

In 1780, Benedict Arnold was placed in command of West Point.

In 1914, France and Germany declared war against each other. In 1951, ninety cadets were discharged from the U. S. Military Academy for cheating during examinations.

Today's birthdays: Former New Jersey Gov. Charles Edison is 72. Sen. John Stennis of Mississippi is 61.

Thought for today: The happiness of society is the end of government — President John Adams.

Ducks in the Pool

TUCSON, Ariz. (AP) — Four youngsters stopped at a large, water-filled plastic swimming pool on display in a Tucson store.

They whispered a moment, then two of the lads took ducks from under their jackets and tossed them into the pool. After watching the ducks swim around the pool once the youngsters fled.

Miami Countian Gets Medical Grant

COLUMBUS, Ohio (AP)—Wesley W. Hiser, 21, of Route 1, Ludlow Falls, Miami County, today was named the 1962 recipient of the Ohio State Medical Association's rural medical scholarship. The scholarship consists of \$500 a year for four years of medical school. Hiser will enter the Ohio State University College of Medicine in September. He had completed his pre-medical work at Ohio State in March.

SCOUTS ON DUTY — Pickaway District Explorer Scouts and Boy Scouts have been on duty each day at the Fair to direct traffic. On duty here are Fred Wittich of Explorer Post No. 3 and Jack Walters of Troop No. 170. The Boy Scouts of America is one of the agencies supported by the Pickaway County Community Fund.

Solon Asks End to Aid for Latins

WASHINGTON (AP) — Sen. Ernest Gruening, D-Alaska, has urged an end of all U.S. military aid to Latin America. He said it had been a tragic mistake and was "unsuitable and fruitless."

He cited Peru as an example of countries where he declared none of the goals of such aid had been attained, but emphasized Peru is not alone in Latin America.

Gruening, a long-time student of Latin American affairs, expressed his viewpoints in a Senate speech. The Alaska Democrat said one

of the leaders of the Peruvian military junta was trained two years in the United States and received last year a decoration from Secretary of Defense Robert S. McNamara with a citation praising, among other things, his "consistent support of democratic principles."

Three of the four military com-

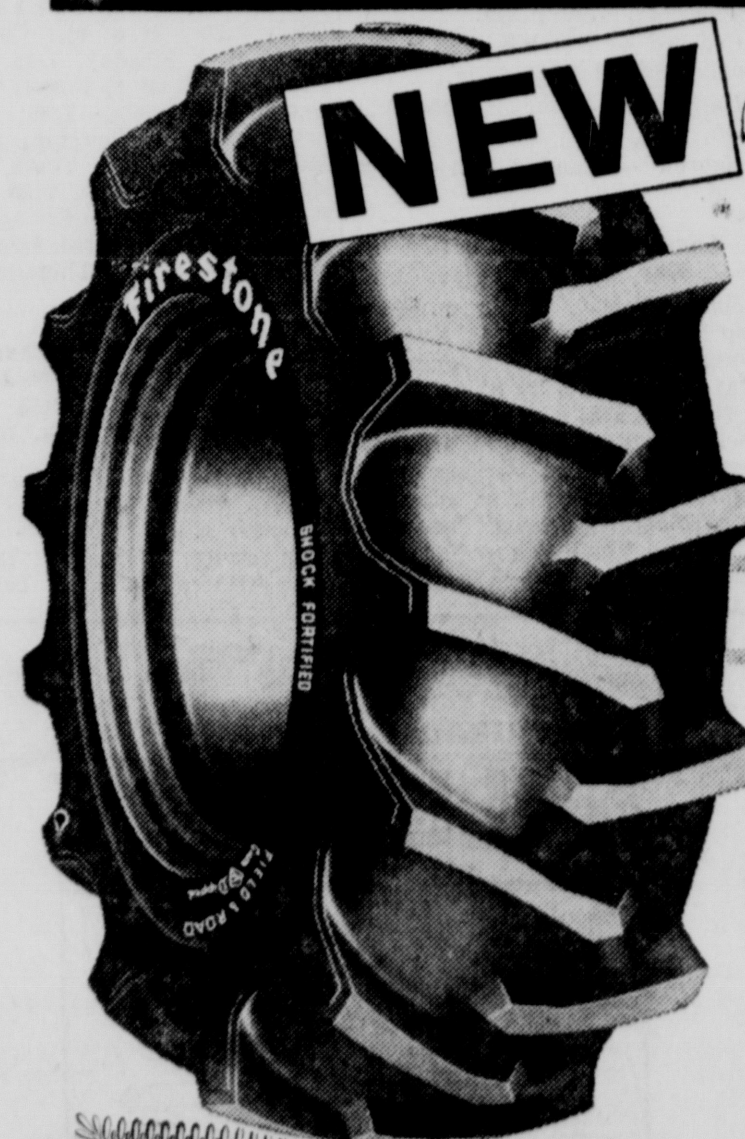

manders "who staged the Peruvian coup had tours of duty in the United States," a U.S. tank was used to force an entry in the presidential palace to oust President Manuel Prado, and four of the 13 military men in the cabinet "were even given the Legion of Merit by the United States," Gruening said.

Frank Howard Again Wins Tilt For Dodgers

2-Run Single Doooms Bucs as Los Angeles Maintains NL Lead

By THE ASSOCIATED PRESS
Frank Howard!
Again!

That's been almost the entire story for the Los Angeles Dodgers recently and, although the script underwent minor changes Thursday night, the result was the same as Howard struck the key blow for a 5-3 victory over Pittsburgh.

Howard slammed three homers and drove in 12 runs while the Dodgers swept a three-game series from second-place San Francisco last weekend.

Against the Pirates Thursday night, Howard used a two-run single to win it for the Dodgers. The seventh inning hit off relief ace Elroy Face snapped a 3-3 tie.

The triumph maintained the Dodgers' four-game lead over the second-place Giants, who edged the Chicago Cubs 4-3 to end a four-game losing streak.

Cincinnati got the cooling off treatment from St. Louis as Ernie Broglio pitched a four-hitter to beat the defending champion Reds 5-1. Dick Farrell's five-hit shutout gave Houston a 3-0 triumph over Milwaukee and Philadelphia outslugged the New York Mets 4-1.

In the American League, the second-place Los Angeles Angels edged Cleveland 5-4, third-place Minnesota whipped Baltimore 6-3, Boston defeated the Chicago White Sox 7-4 and Kansas City nipped Detroit 5-4. The New York Yankees and Washington were not scheduled.

Two home runs by Pirate catcher Smokey Burgess built a 3-0 lead for Vern Law, but the Dodgers closed within a run on Tommy Davis' two-run homer in the sixth. In the seventh, Face replaced Joe Gibbon (2-2) on the mound and made a wild throw on Jim Gilliam's bunt, allowing one run to score. He then walked Willie Davis, got Tommy Davis on a double play and walked Ron Fairly before Howard connected.

Johnny Podres (8-7) won it with Larry Sherry's relief help. Veteran left-hander Billy Pierce (9-3) needed Don Larsen's one-out relief help in the ninth to subdue the Cubs after Billy Williams and Andre Rodgers hit consecutive homers. Dick Ellsworth (6-15) lost it.

Broglio (8-4) had the Reds blanked on three singles by Don Blasingame until the ninth when Jerry Lynch doubled and came home on a wild pitch. The Cards made the most of an ineffective evening by Bob Purkey (16-4).

The Colts jumped on Braves' starter Lew Burdette (8-7) for their three runs in the first inning. That finished Burdette. To Cloninger, Don Nottebart and Carl Willey held Houston to three hits the rest of the way. But the Braves were unable to touch Farrell (8-13), who allowed only one man to reach second base.

Art Mahaffey (15-9) hit a grand slam homer to support his five-hit pitching. The Phils tagged Craig Anderson (3-12) with the loss.

The Hopeful, a 6½-furlong sprint at Saratoga, has won three straight years by Eric Gurin. He won with Battledfield in 1950, with Cousin in 1951 and with Native Dancer in 1952.

3rd National Scores BR Playoff Win

Paced by the hitting of Lewis Jordan, Third National Bank rolled to a 12-6 win over Savings Bank in the first game of the Babe Ruth Minor League playoffs.

Jordan poled two long home runs, a triple and a double in four trips to the plate. He also scored two runs. Gary Hughes hit two singles, and Wayne Winner, Pete Willis and Gabriel each socked doubles.

Clark and Colman cracked doubles and John Jeffries hit two singles for Savings Bank.

George Watson, the winning pitcher, struck out five, walked only four and allowed seven hits in the seven innings he pitched. The second game of the series will be Saturday night at 7:15 p. m. at the Ted Lewis softball diamond. The third game, if necessary, will be played Tuesday.

Ohio Fishing Chances Said Fair to Good

COLUMBUS, Ohio (AP)—Fishing conditions are fair to good mostly everywhere in Ohio, despite arrival of "dog days," the Division of Wildlife reported today. Fishing pressure remains low, however.

The outlook by districts: NORTHWESTERN — Most streams here are clear and extremely low and fishing in general is rather poor. Lakes are clear and normal and a few bass, bluegills and catfish are being caught.

EAST CENTRAL AND SOUTHEASTERN—Big catfish are still being reported from Clendenen Reservoir, Harrison County. Other area lakes, including: Burr Oak, Athens County, Piedmont, Belmont; Atwood and Leesville, Carroll; Seneca, Guernsey, and Forked Run, Meigs have reported fair to good fish. A few fishermen are having fair success in the Muskingum River and some of its tributaries.

CENTRAL AND SOUTHERN — Lakes and streams in this area are in fair to good condition but few fishermen are taking advantage of the good waters. Most successful bass fishermen go early in the morning and late in the evening—often after dark. This is the time of the year when many large bass are caught on surface plugs on dark nights.

SOUTHWESTERN — Fishermen here are having fair to good success at Grant Lake, Brown County; Kiser, Champaign, and Indian, Logan. Bass and bluegill catches have been good in these lakes. Streams here vary from clear to roily although most of them are below normal. A few smallmouth bass, carp and catfish are being taken.

Cambridge Bowman Sets Record in Archery

HOT SPRINGS, Ark. (AP)—A Cambridge, Ohio, bow and arrow sharp-shooter set a record Thursday during competition in the National Field Archery Tournament.

James Bell shot a 961 in the men's professional instinctive division, bettering the record of 917 set in 1959. Bell leads the division by 49 points.

In the hunters' round division, Bill Partian of Mansfield, Ohio, was in second place with a 2,085, trailing the leader, Don Cavallero of Los Angeles, by 10 points.

Tribe Chalks 18th Defeat In 23 Games

CLEVELAND (AP)—The Cleveland Indians are at an even .500 mark in the won-lost column, their lowest percentage since April 21.

They accomplished this by losing their third straight game to the Los Angeles Angels 5-4 Thursday for their 18th defeat in 23 games. But the Indians had fight left in them until the last out.

They loaded the bases in the ninth inning after scoring a run, but Angels' pitcher Art Fowler got Chuck Essegian to foul out to end the game.

John Romano had a particularly bad day, committing two passed balls which led to two runs and getting picked off second base in the fifth to help thwart an Indian rally.

Fowler, making a relief appearance, faced a bases-loaded, one-out situation in the ninth. The Angels led 5-3. Bubba Phillips, who had homered and doubled previously, lifted a run-scoring fly to center. Willie Tasby then beat out a roller to short before Essegian made the final out.

Cleveland's Dick Donovan goes in quest of his 15th victory tonight against Kansas City's Bill Fischer (2-2).

Van Camps' Trotter in Double Win

Virgie's Worthy, owned by Mr. and Mrs. George Van Camp, was a double heat winner in yesterday's harness racing program at the Greene County Fair in Xenia. The 3-year-old trotter lowered his half-mile track record to 2:06 3-5 in chalking the double win. In one heat he went the half in 1:01 1-5 and the last quarter in 30.1 seconds.

According to the Van Camps, the record for Virgie's Worthy on a five-eighths mile track is 2:05 4-5. For a mile its 2:04 1-5. Last week, the trotter, out of Virgilina Van, made an excellent showing at the Ohio Colt Racing Assn. Stake Races at the Fayette County Fair. A competitor was the good horse Rose D. Mon, by Steam's Demon and driven by R. L. Neff.

The trophy earned by Virgie's Worthy yesterday was an electric wall clock, awarded by the Southwest Cement Co. of Fairborn. Mrs. Van Camp was on hand to receive the honor.

Insurance Nine Trips Mac's Unit

The Lewis Cook Insurance Mosquito league baseball team gained a one-half game lead over the Ankrum Lumber nine yesterday by posting a 9-5 win over Mac's Good-year.

The winners collected eight hits while limiting the Goodyear team to one.

The Insurancemen have a 12-3 record. The Ankrum Lumbermen still have a chance to tie the league with a win today when they play Circleville Building Supply.

Packer '11' Given 23-Point Margin

CHICAGO (AP) —The Green Bay Packers, hale, hearty and apparently hungry, figure to give the College All-Stars a going over tonight and the odds favoring them—up to 23 points—are the biggest in the classic football series.

It's not that the All-Stars are that bad, for they have one of the most talented squads of the last 28 years. But it's that the Packers, winner of the 1961 National Football League championship with a crushing 37-0 victory over the New York Giants, are that good.

A crowd upwards of 65,000 will be in Soldier Field for the 29th game in the rivalry sponsored by the Chicago Tribune Charities, Inc. It will be televised and broadcast (ABC) starting at 8:45 p. m. EST. The weather outlook is for cloudiness after showers during the day.

The Packers limbered up under Soldier Field lights Thursday night and Coach Vince Lombardi said: "We're ready."

Lombardi has his squad intact—no injuries, and Paul Hornung, Boyd Dowler, Ray Nitschke and Elia Pitts rejoining it after military service.

Such a complement makes the Packers a favorite to repeat in the NFL race this season. And if that's so how can the All-Stars, who have been in training only three weeks, be given any kind of chance?

Probable starting backfield for the All-Stars are quarterback John Hadl of Kansas, captain of the attacking unit; Angelo Dabiero, Notre Dame; Jim Saxton, Texas, and Curtis McClinton, Kansas.

They are backed by such passers as Roman Gabriel, North Carolina, and Bobby Ply, Baylor; and such turf pounders as Bob Ferguson of Ohio State, Ronnie Bull of Baylor and Lance Alworth of Arkansas.

"Physically, the Packers will find us pretty much of a match," said Head Coach Otto Graham.

Only two players are missing from the original squad. All-America halfback Ernie Davis of Syracuse is out with a blood dis-

order and Jim Skaggs, 230-pound guard from Washington, fractured a leg in the opening days of training.

The All-Stars haven't won since Graham's first year as head coach, 1955.

Crosley Field Free Bleacher Section Busy

CINCINNATI (AP)—It's partly correct these days to say that a home run in the Cincinnati Reds' Crosley Field has hit into the centerfield bleachers — even though there are no seats out there.

These are free "bleachers" in this case. They came about by construction work on an expressway along Western Avenue which runs alongside the center field wall.

Dirt piled up and leveled off for the elevated expressway provided a standing room spot where spectators can look right over the top of the centerfield wall and watch the baseball action.

Admittedly, it takes quite a poke to clear the wall, Western Avenue and go into the "bleachers" but it has been done.

And don't think the fans aren't taking advantage of that free look at a ball game. At one game last week there were several hundred persons lined atop the leveled off area.

Some even bring folding chairs. At day games some have parasols to ward off the hot sun. They even have their peanuts and soft drinks although they have to cross the street to the ball park itself to get them.

Reds' General Manager Bill DeWitt, who watches games from a private box high atop the grandstand, has taken cognizance of his outside spectators.

At two of three games he has had the public address announcer issue an invitation for the outside standees to come into the regular bleachers in right field as guests of the house.

Frank Howard Again Wins Tilt For Dodgers

2-Run Single Doooms Bucs as Los Angeles Maintains NL Lead

By THE ASSOCIATED PRESS
Frank Howard!
Again!

That's been almost the entire story for the Los Angeles Dodgers recently and, although the script underwent minor changes Thursday night, the result was the same as Howard struck the key blow for a 5-3 victory over Pittsburgh.

Howard slammed three homers and drove in 12 runs while the Dodgers swept a three-game series from second-place San Francisco last weekend.

Against the Pirates Thursday night, Howard used a two-run single to win it for the Dodgers. The seventh inning hit off relief ace Elroy Face snapped a 3-3 tie.

The triumph maintained the Dodgers' four-game lead over the second-place Giants, who edged the Chicago Cubs 4-3 to end a four-game losing streak.

Cincinnati got the cooling off treatment from St. Louis as Ernie Broglio pitched a four-hitter to beat the defending champion Reds 5-1. Dick Farrell's five-hit shutout gave Houston a 3-0 triumph over Milwaukee and Philadelphia outslugged the New York Mets 4-1.

In the American League, the second-place Los Angeles Angels edged Cleveland 5-4, third-place Minnesota whipped Baltimore 6-3, Boston defeated the Chicago White Sox 7-4 and Kansas City nipped Detroit 5-4. The New York Yankees and Washington were not scheduled.

Two home runs by Pirate catcher Smokey Burgess built a 3-0 lead for Vern Law, but the Dodgers closed within a run on Tommy Davis' two-run homer in the sixth.

In the seventh, Face replaced Joe Gibbon (2-2) on the mound and made a wild throw on Jim Gilliam's bunt, allowing one run to score. He then walked Willie Davis, got Tommy Davis on a double play and walked Ron Fairly before Howard connected. Johnny Podres (8-7) won it with Larry Sherry's relief hit.

Veteran left-hander Billy Pierce (9-3) needed Don Larsen's one-out relief bid in the ninth to subdue the Cubs after Billy Williams and Andre Rodgers hit consecutive homers. Dick Ellsworth (6-15) lost it.

Broglio (8-4) had the Reds blanked on three singles by Don Blasingame until the ninth when Jerry Lynch doubled and Cards home on a wild pitch. The Cards made the most of an ineffective evening by Bob Purkey (16-4).

The Colts jumped on Braves' starter Lew Burdette (8-7) for their three runs in the first inning. That finished Burdette. To Cloninger, Don Nottebart and Carl Willey held Houston to three hits the rest of the way. But the Braves were unable to touch Farrell (8-13), who allowed only one man to reach second base.

Art Mahaffey (15-9) hit a grand slam homer to support his five-hit pitching. The Phils tagged Craig Anderson (3-12) with the loss.

The Hopeful, a 6½-furlong sprint at Saratoga, has won three straight years by Eric Gurin. He won with Battledfield in 1950, with Cousin in 1951 and with Native Dancer in 1952.

3rd National Scores BR Playoff Win

Paced by the hitting of Lewis Jordan, Third National Bank rolled to a 12-6 win over Savings Bank in the first game of the Babe Ruth Minor League playoffs.

Jordan poled two long home runs, a triple and a double in four trips to the plate. He also scored two runs. Gary Hughes hit two singles, and Wayne Winner, Pete Wills and Gabriel each socked doubles.

Clark and Colman cracked doubles and John Jeffries hit two singles for Savings Bank.

George Watson, the winning pitcher, struck out five, walked only four and allowed seven hits in the seven innings he pitched. The second game of the series will be Saturday night at 7:15 p. m. at the Ted Lewis softball diamond. The third game, if necessary, will be played Tuesday.

Ohio Fishing Chances Said Fair to Good

COLUMBUS, Ohio (AP)—Fishing conditions are fair to good mostly everywhere in Ohio, despite arrival of "dog days," the Division of Wildlife reported today. Fishing pressure remains low, however.

The outlook by districts: **NORTHWESTERN** — Most streams here are clear and extremely low and fishing in general is rather poor. Lakes are clear and normal and a few bass, bluegills and catfish are being caught.

EAST CENTRAL AND SOUTHEASTERN—Big catfish are still being reported from Clendenen Reservoir, Harrison County. Other area lakes, including: Burr Oak, Athens County, Piedmont, Belmont; Atwood and Leesville, Carroll; Seneca, Guernsey, and Forked Run, Meigs have reported fair to good fish. A few fishermen are having fair success in the Muskingum River and some of its tributaries.

CENTRAL AND SOUTHERN — Lakes and streams in this area are in fair to good condition but few fishermen are taking advantage of the good waters. Most successful bass fishermen go early in the morning and late in the evening—often after dark. This is the time of the year when many large bass are caught on surface plugs on dark nights.

SOUTHWESTERN — Fishermen here are having fair to good success at Grant Lake, Brown County; Kiser, Champaign, and Indian, Logan. Bass and bluegill catches have been good in these lakes. Streams here vary from clear to roily although most of them are below normal. A few smallmouth bass, carp and catfish are being taken.

Cambridge Bowman Sets Record in Archery

HOT SPRINGS, Ark. (AP) — A Cambridge, Ohio, bow and arrow sharp-shooter set a record Thursday during competition in the National Field Archery Tournament.

James Bell shot a 961 in the men's professional instinctive division, bettering the record of 917 set in 1959. Bell leads the division by 49 points.

In the hunters' round division, Bill Partian of Mansfield, Ohio, was in second place with a 2,085, trailing the leader, Don Cavallero of Los Angeles, by 10 points.

Cardinals Halt Redleg Victory Streak, 5-1

CINCINNATI (AP)—How much longer can the Cincinnati Reds keep up their torrid pace with only three regular starting pitchers?

St. Louis' fifth place Cardinals made that question all too plain when they routed Bob Purkey Thursday night and rocked the Reds 5-1.

Manager Fred Hutchinson said he isn't looking beyond the series at New York this weekend, but wants to try out some of his second stringers.

That will give the Reds frontliners a little breather at start of a hectic 28-game August schedule.

The decision cut off the Reds' win streak at four games and left them with a 23-9 mark in a sudden surge since July started.

Hutch has been getting by this season on the superlative work of his big three—Purkey, Joey Jay and Jim O'Toole.

"Johnny Klippstein will work a game in New York," Hutch said. "Then I will use Moe Drabowsky, Jim Maloney and probably Joe Nuxhall."

However, he decided to start powerful Jay tonight against the New York Mets, who haven't beaten the Reds all year. Jay Hook (7-10), former Cincinnati pitcher, was to oppose him.

EXECUTRIX'S PUBLIC SALE OF REAL ESTATE

In pursuance of the order of the Probate Court of Pickaway County, Ohio, I will offer for sale at public auction on the 1st day of September, 1962, at 10:00 o'clock a. m. the following described real estate situated in the State of Ohio, County of Pickaway, and Township of Salt Creek, and bounded and described as follows:

Being the southwest part of the southwest quarter of Section No. 5, Township No. 11, Range No. 20. Beginning at the southwest corner of said Section, thence with the Section line and road N 107 1/2 poles to a stone, corner to Joseph Dresbach's land, thence with his line E 74 1/2 poles to a stone in said line, corner to Daniel Frieze's land, thence with his line south parallel with the first line 107 1/2 poles to a stone in the Section line, thence with the Section line W 74 1/2 poles to the beginning, containing 30 acres of land, more or less.

The above real estate is improved with an eight room and bath frame residence with furnace. The farm is also improved with a frame barn, garage, shed, cattle shed, double corn crib, poultry house, and two additional frame sheds.

Location: This farm is located approximately one-half mile north of State Route 150 on the Shoemaker Road and approximately one mile south of the Circleville-Tarleton Road. Terms: Ten per cent down on day of sale with balance in full on confirmation and delivery of deed. Purchaser will assume the December, 1962, installment of taxes and those accruing thereafter. A reasonable time will be given the purchaser to obtain financing if needed. All growing crops are reserved and will be harvested in time for the purchaser to sow wheat.

An additional information may be obtained from Merle Arledge, executrix, Tarleton, Ohio; Lloyd Spang, auctioneer; or Tom A. Renick, Attorney, Circleville, Ohio.

HUCK FINN AND PARDNER?? — No identification was available for this picture in the files of Paul Betz, Route 4, although an approximate date would be the early 1900's. These two local youngsters may have been wandering around the local fairgrounds 50 or 60 years ago when the picture was snapped.

Keen Competition Is Present In Girls' 4-H Project Event

The Girls 4-H projects at the Pickaway County Fair provided some stiff competition for all exhibitors.

These young ladies showed exceptional ability and many hours were devoted in study and practice. All were required to be completely and thoroughly adept in the many phases of their projects.

GIs Warned Against Use Of Drug

HEIDELBERG, Germany (AP) — U.S. Army doctors in Europe issued a warning to soldiers' wives against the use of thalidomide after at least three deformed infants were born, the Army disclosed.

OHIO CASH GRAIN
COLUMBUS, Ohio (AP) — Ohio Dept. of Agri. cash grain prices: No 2 red wheat mostly unchanged 1.97-2.03; mostly 1.98-2.92; No 2 yellow corn mostly unchanged to 1 lower 97-1.11 per bu, mostly 1.00-1.10; or 1.38-1.59 per 100 lbs, mostly 1.43-1.57; No 2 oats mostly unchanged 57-66, mostly 59-64; No 1 soybeans mostly unchanged to 1 lower 2.20-2.39, mostly 2.34-2.37.

The drug itself has not been utilized in U.S. Army medical facilities in Europe, the Army said, and has never been in Army pharmacies. But, an Army spokesman said, the drug had been prescribed to some Army wives in Europe by nonmilitary physicians.

"Some of these women had their babies in Army hospitals," a spokesman said, "and in three such cases, the babies exhibited deformities similar to those reputedly caused by the drug."

As a consequence, the spokesman said, Army doctors have advised women who had been attended by nonmilitary physicians to check medications they may have received in the past and to discard any containing thalidomide.

In Germany, thalidomide originally was sold without prescription. In the summer of 1961, it was put on the prescription list.

The drug, sold here under the trade name of Contergan, was banned throughout Germany last Nov. 26 when doctors first found indications that deformities were linked with the use of the drug during early pregnancy.
